

Nov 6 -7, 2018

ADK Hospital is proud to announce “BrainSpine 2018”, which is the second conference series led by our Neurosurgery Team. The conference will be held during November 06-07, in the Maldives.

“BrainSpine 2018” is organized with a focus on enhancing knowledge among medical professionals treating cranial, spinal and peripheral nerve disorders. We aim to create an opportunity to share researches, recent innovations, advanced treatment modalities and experiences of pioneers in the field during our interactive scientific sessions.

This year, we are going international with participants from around the globe.

06th Nov 2018
